Dear [REDACTED]

Thank you for the quick reply!

Completely understandable, we knew it would be a long shot.

Does Mr. J. Berends by any chance have time to join the interview on the following dates:

- Monday, 4th of January, 9.00 – 13.00
- Tuesday, 5th of January, 13.00 – 21.00
- Wednesday, 6th of January, 13.00 – 21.00

Thanks a lot for all your efforts in advance.

Happy holidays!

Kind regards,

From: [REDACTED]@gelderland.nl>

Dear [REDACTED]

Thank you very much for your invitation for Mr. J. Berends.

Unfortunately I have to inform you that Mr. Berends is not able to join this interview . He does not work during the Christmas period. The commissioner will start again from 4 January 2021.

With kind regards,

[REDACTED]

Onderwerp: Transdisciplinary Project - Veluwe

Dear [REDACTED]

To briefly introduce myself, I am [REDACTED] student at the University of Twente (UT). At the moment, I am, together with two other students, working on a transdisciplinary project for the Master-Insert programme '[Shaping Responsible Futures](#)'. In this project we are asked to design a collaborative activity that brings together different stakeholders to the 'same' table (physical and/or digital) to explore challenges related to the Veluwe area and to imagine possible future directions. We are focusing on methods and tools that could support integral and collaborative management of the Veluwe area.

[REDACTED] suggested to us that we would try and reach out to Mr. Berends. She provided us with your email via his 'bestuursadviseur'.

It would be great if we could do an online interview with Mr. Berends! Depending on his preference we could do the interview in English or Dutch.

The interview questions are based on an informative booklet (see attached file), which contains relevant personas and a current practice scenario regarding the Veluwe area. The personas and scenarios will be used as concrete discussion topics during the interview. Feel free to scan through the booklet to get to know more about our project.

If Mr. Berends is interested, we would like to schedule a moment with him to do the interview (and tell you more about our project). We expect the interview to take around 45 minutes. For us, an interview on the following dates would work perfectly:

- Monday, 21st of December, 12.00 - 21.00
- Tuesday, 22nd of December, 9.00 - 21.00
- Wednesday, 23rd of December, 9.00 - 21.00

We would be happy to share our insights and results with you at the end of our project (January, 2021).

Please do not hesitate to contact me if you have any questions.

Yours sincerely,

[REDACTED]

On behalf of [REDACTED]
