

PV-Thuis B.V

This is a satellite map view of a rural area. A large, dark-roofed building, likely a warehouse or industrial structure, is the central focus. To its left is a large green field. To its right is a smaller green field and a cluster of trees. In the bottom right corner, there is a road and some smaller buildings. A red location pin is placed to the left of the main building, and a blue location pin is placed to its right. The text 'PV-Thuis B.V' is overlaid on the map near the main building. Other text labels include 'Boerderij d' and 'De' near the bottom right, and 'Electrotechniek' at the bottom center. A white box with the number '44462489' is in the bottom left, and another white box with '0262' is in the bottom right.
