Received: Wed 3/15/2017 1:59:18 PM

Dear [redacted]

Here are the accidents for januari, februari 2017. The exact locations can be found on the images (Purple = red deer, orange = wild boar, red = roe deer, white = badger)

I am aware the broken sensors on the N795 still need to be repaired and some on the n302 have been placed wrong after the roadwork.

Januari

N795 1 unknown, 2 wild boar, 1 roe deer, 3 red deer
N302 0 accidents
N787 0 accidents

Februari

N795 2 wild boar (looks like 3 on image but nr 3 is on parallel road)
N302 0 accidents
N787 0 accidents

compaired to 2013

Januari

N795 1 red deer, 1 wild boar
N302 1 red deer
N787 1 badger

Februari

N795 1 roe deer, 1 unknown
N302 0
N787 1 red deer

March

total

186 accidents in januari 2013, 205 in januari 2017

142 accidents in februari 2013, 165 in februari 2017

Link to new study on several deterrents
